

SYLLABUS

Name: Preparation of M.Sc. thesis (Integrative biodiversity) II (25-BI-S2-E4-PMTIB-AN)

Name in Polish: Przygotowanie pracy magisterskiej

Name in English: Preparation of M.Sc. thesis (Integrative biodiversity) II

Information on course:

Course offered by department: Faculty of Biological Sciences

Course for department: Faculty of Biological Sciences

Default type of course examination report:

Grading

Language:

English

Short description:

Prerequisites regarding knowledge, skills, and social competences for the course/module

Knowledge and skills obtained during BSc and MSc studies.

Student's own work:

undefined

Description:

Educational aims:

Preparing and carrying out an MSc thesis.

Course content:

Content depends on student's MSc thesis area.

Bibliography:

Mandatory and recommended reading list:

Publications recommended by the supervisor.

Learning outcomes:

Intended learning outcomes

Student:

K_W03, K_W10

- demonstrates expert knowledge on the specific topic within his/her field of study;

K_W11, K_W12

- knows the rules and regulations governing planning and financial support of researchers;

K_W05, K_W08, K_W09

- applies informatics/bioinformatics and statistical tools in his/her research;

K_W04

- knows how to use the scientific literature in his/her thesis preparation;

K_U04

- conducts research in the field within his/her MSc thesis;

K_U03, K_U05

- collects, analyses and presents data;

K_U07

- draws conclusions based on obtained results;

K_U01, K_U02

- explains his/her contribution to the field of study with use of literature reviews;

K_U09, K_U10

- prepares MSc thesis and is able to pass the diploma exam;

K_U11

- professionally communicate his/her results on the studied subject;

K_U13

- understands and uses scientific terminology;

K_K04, K_K05, K_K06

- understands the need of clear, concise, and cohesive presentation of his/her study results.

Assessment methods and assessment criteria:

Assessment methods for the intended learning outcomes:

- preparation of MSc thesis.

Credit requirements for individual components of the course/module:

- preparation of MSc thesis.

Course credits in various terms:

<without a specific program>			
Type of credits	Number	First term	Last term
European Credit Transfer System (ECTS)	15	2024/25-L
